## About North Marine's Truck with Mobile Crane

North Marine has a truck for hire in Cairns Queensland, complete with a mobile crane. Available for employment both inside of the marine industry and for all other uses. Our support equipment is on hand to service both commercial and domestic project needs.

Ideal for a variety of purposes, the mobile crane has a 2.5 ton lift with a 6m reach. This efficient and well maintained truck is available to meet your project deadlines.

Our truck with crane is ready to be mobilised to your location. Pre bookings are essential. As part of our comprehensive service, we can deliver your load directly to your Carins/FNQ premises if required.

The Truck with crane for hire in Cairns is ideal for ensuring safe and timely load handling. Perfect for on site lifting manouvres and jobs requiring equipment transportation from one location to another. As the crane is mounted onto the truck, loading and unloading is hassle free. It's therefore a much more efficient way of getting jobs done.
