About The Truck

The North Marine hiab truck is available for hire both within the marine industry and for other commercial projects.

This efficient and well-maintained hiab truck has a wide operational range and is available to meet project deadlines.

Its mobile crane has a 2.5-ton lifting capacity with a 6-meter reach.

Pre-bookings are essential. The hiab-truck can be mobilised to any Cairns location, ensuring safe and efficient load-handling and timely transportation.

As a comprehensive service, we may deliver directly to your FNQ premises.
