

BOAT RAMP REPAIR WORKS - NUMEROUS QLD LOCATIONS

Scope of work

2019 - Ongoing

Client: Multiple clients on a variety of contracts, inc: Department of Transport and Main Roads / Hall Contracting / The Jetty Specialists

North Marine's Commercial Dive Department is regularly contracted to conduct boat ramp repair works and/or ramp diving inspections.

Works have been conducted in Innisfail, Newell Beach, Yorkies Knob, Deeral & other QLD locations. They include installation or rectification of structural concrete, jetties, gangways & walls, installation of base plates/ramp segments/mesh sheets, marine grouting & inspections. Considerations inc. marine hazards, visibility, traffic management & tidal conditions. NM has a comprehensive Crocodile Management Plan, conducts individual JSAs and follow AS/NZ2299 dive regulations.
