Project Support

Cargo, Freight & Fuel Transfer

Barge Manoeuvres

Anchor Handling

Dive Support Vessel

Extended Range Operations

Launch Service

Mooring Installation &
Maintenance

Tow Assist

Offshore & Remote Work

Pacific Ranger is a 17-metre workboat operating under Class 2B survey.

She is well suited for harbour operations, long-range and offshore voyages, barge manoeuvres, and general project support.

An 8-tonne A-frame is fitted at the stern, ideal for anchor handling and other controlled lifting or lowering tasks.

The vessel offers generous 40m² of deck space for cargo.

A variety of workboat tenders, barges, and support craft are also available as part of North Marine charters.

Get in touch to discuss tailored marine support solutions.
